

Name of the Agency
Norfolk Public Library
Description
The Norfolk Public Library is a diverse, interactive and resourceful tool serving the community of Norfolk. NPL consists of a bookmobile, a main library and eleven branch libraries throughout the City of Norfolk. There are many opportunities to suit different interests within NPL, and each branch is in need of volunteers! Please be sure to view each link off of the volunteer home page for further information on becoming a volunteer with NPL. The Norfolk Public Library has opportunities available for adults, students (age 13 and up), and families (age 8 and up volunteering alongside an adult over age 18). Come and join our team by volunteering your time to various library volunteer positions.
