

Friends,

Please take a look at this translation.

<http://www.gnpcb.org/esv/browse/>.

It has an excellent level of scholarship and accuracy based on better manuscripts, but still has much of the rhythm and majesty of the KJV/NKJV. It is also slightly more of a "word-for-word"

This translation is a bit better for our expository style of preaching and teaching. I use it now almost exclusively on Sundays. You can find out more about the ESV here: <http://www.esv.org/>.

Affordable options for you.
